Subject: Could I stop in and say hello to you

Sarah:

My name is Bob Miner and I manage Communications & External Affairs for BP America (including for our affiliated company Atlantic Richfield Company). I have worked on the Yerington, Nevada and Leviathan, California mining sites over the last several years.

I will be at Region 9 headquarters on the afternoon of January 26th for another meeting and wondered if you might have a few minutes for us to meet and talk about stakeholder issues at those sites?

Robert Miner
